Department:

Photography

Course Description:

This is an advanced course designed for the student with professional goals in commercial photography. The student will continue to concentrate on a series of photographs that will relate to their professional interests in a specific field. The class will meet one hour per week, with additional hours arranged as necessary.

Course Competencies:

Upon completion of the course, the student should be able to:

1. Conduct research relevant to the completion of selected projects.
2. Compile and use technical information and materials to achieve project goals.
3. Organize, design, and complete a technical notebook on the projects.
4. Apply and practice research findings with practical shooting assignments and darkroom work.
5. Show weekly progress through individual critiques.
6. Evaluate project progress.
7. Prepare a final portfolio of prints from the projects.
8. Demonstrate window matting techniques and select appropriate matte boards and presentation materials.
9. Prepare work for potential clients

Course Content:

A. Selecting a professional area of emphasis
B. Researching the project
C. Setting project goals and gathering materials
D. Individualized demonstrations and critiques
E. Preparing work for potential clients

Learning Assessments:

Course competencies will be assessed by evaluation of the projects and final portfolio.

Instructional Materials:

Guidelines for Requesting Accommodations Based on Documented Disability or Medical Condition

It is the intention of Highland Community College to work toward full compliance with the Americans with Disabilities Act, to make instructional programs accessible to all people, and to provide reasonable accommodations according to the law.

Students should understand that it is their responsibility to self-identify their need(s) for accommodation and that they must provide current, comprehensive diagnosis of a specific disability or medical condition from a qualified professional in order to receive services. Documentation must include specific recommendations for accommodation(s). Documentation should be provided in a timely manner prior to or early in the semester so that the requested accommodation can be considered and, if warranted, arranged.

On-Campus Students: At enrollment, any on campus student may complete a form that will allow them to self-identify any disability.

Off-Campus Regional Students: Self-identify your disability and accommodation needs with the Regional Coordinator and/or instructor, preferably prior to the first class meeting.

Online Students: Self-identify your disability and accommodation needs by contacting the Disabilities Coordinator. Students must provide their own programs to allow accessibility on their home computer.

Any student may also identify their disability by completing an online form located on the HCC homepage under Students Services/Resources/Disabilities. Questions should be directed to the Disabilities Coordinator.
