Department:

Risk Management

Course Description:

This course is designed to provide security and loss prevention challenges associated with specific areas and industries. The course will focus on loss problems and those countermeasures that protect against crimes, fires, and accidents.

Course Competencies:

Upon completion of the course, the student should be able to:

1. List and describe the major challenges and associated elements of an effective security and loss prevention program for the following areas and industries.
   a. Communication Security
   b. Education
   c. Executive Protection
   d. Financial
   e. Gaming
   f. Governmental/Non Profit
   g. Health Care
   h. Hotel/Motel
   i. Nuclear
   j. Protection of Sensitive Information
   k. Retail
   l. Special Events
   m. Terrorism
   n. Transportation
2. Function well in a diverse work environment.
3. Demonstrate writing proficiency in the area of security and loss prevention in the workplace.
4. Access the Internet to find relevant and accurate information.

Course Content:

A. Communications
B. Education
C. Executive Protection
D. Financial
E. Gaming
F. Governmental/Non Profit
G. Health Care
Learning Assessments:

Course competencies will be assessed by use of a series of written examinations, a semester project requiring participation in a team, the synthesis and application of security and loss prevention fundamentals to solve a problem, response to workplace scenarios, specific technique demonstrations, and a final presentation.

Instructional Materials:

Guidelines for Requesting Accommodations Based on Documented Disability or Medical Condition

It is the intention of Highland Community College to work toward full compliance with the Americans with Disabilities Act, to make instructional programs accessible to all people, and to provide reasonable accommodations according to the law.

Students should understand that it is their responsibility to self-identify their need(s) for accommodation and that they must provide current, comprehensive diagnosis of a specific disability or medical condition from a qualified professional in order to receive services. Documentation must include specific recommendations for accommodation(s). Documentation should be provided in a timely manner prior to or early in the semester so that the requested accommodation can be considered and, if warranted, arranged.

In order to begin the process all students must complete the “Disabilities Self-Identification Form” at this link: https://highlandcc.edu/pages/disability-services.

This form can also be accessed at the Highland Community College homepage under Students Services/Student Resources/Disability Service or by contacting the Disabilities Coordinator.
