Associate in Science Degree
Athletic Training
Total Credits: 63

Department:
Physical Education

Program Description:
Athletic Training is a transfer program for students pursuing a career as a healthcare professional in the field of athletics. This curriculum is suggested for those intending to complete an associate in science degree at HCC and then transfer to another institution to pursue a bachelor’s or master’s degree. Athletic trainers collaborate with physicians to provide preventative services, emergency care, clinical diagnosis, therapeutic intervention, and rehabilitation of injuries and medical conditions.
