	Science Elective	3
	Science w/Lab	5
<u>Electives</u>		
SOC 102	Marriage and the Family	3
SOC 210	Social Problems	3
	Open Electives	12

Potential Employment Applications of Degree

Social workers are community solution-finders. They help individuals, families, and groups cope with their problems. Those workers in the area of planning and policy help people understand how social systems operate and propose ways of bringing about needed change in institutions such as health services, housing, and education. Among the major helping professions, social work is distinguished by a tradition of concern for the people who are economically and socially disadvantaged.
