Your Degree Option

Highland Community College offers an Associate of Science degree, which leads to K-State's Bachelor of Science degree in Interdisciplinary Social Science through distance education. Applications for admission to this program are accepted through the Bachelor’s Degree Completion Program in the Division of Continuing Education.

Your Career

Kansas State University’s social science graduates find jobs across the entire spectrum of private, public, and governmental positions. Some jobs held by social science alumni include: Loan Processor, Manager/Assistant Manager, Administrative Assistant, Research Investigator, Case Manager, and many more. The social science degree prepares graduates for the workforce by developing research skills, communication skills, critical thinking, and team project experience.
