Heartland Regional PowerCampus Users Group 2015 Annual HRPCUG Conference

June 3, 2015 - June 5, 2015

Highland Community College, Highland, Kansas

Break-Out Session 1

Thursday, June 4, 10:45 - 11:30 a.m.

“Electronic Transcripts” *Carol Dandury, Ellucian Room CT-104*

A discussion of electronic transcripts and of best practices for using electronic transcripts

“Introduction to Academic Planning” *Debbie Nugen, College of Saint Mary Room CT-121*

A presentation about creating degree requirements and then assigning academic plans to students.

“SQL Wizardry” *Josh Kelley, Hastings College Room CT-113*

A presentation about the fundamentals of working through complex queries, automation, and reporting services.

“Using ACCESS to Access the PowerCampus Database” *Harold Arnett, Highland Community College Room CT-117*

A presentation that will demonstrate how to use Microsoft Access to create searches and to retrieve and export data for the purpose of developing reports and tables for internal and external analysis and reporting.

Break-Out Session 2

Thursday, June 4, 2:15 - 3:00 p.m.

“DEA” *Jackie Peden, Highland Community College Room CT-117*

A presentation about how the Highland Community College Data Entry Advisory team strengthened the application process.

“Ellucian Portal” *David Palmer, New York Conservatory of Dramatic Arts Room LSU-A*

An interactive discussion about the setup and the use of Portal.

“Getting the Data You Want Out of PowerFAIDS” *Kim Allen, Kansas City University of Medicine and Biosciences Room CT-121*

A presentation that will show how databases in PowerFAIDS are joined and related, so you can retrieve data from various databases. Examples of reports on loans to be disbursed on a given day and of reconciling to the business office will be shared.

“VEERA: Reporting Extract, Transform, Analyze” *Jeff LeBert, Oklahoma Wesleyan University Room CT-104*

A presentation about a user’s perspective on using the features of Veera to get the data you need.

Heartland Regional PowerCampus Users Group 2015 Annual HRPCUG Conference

June 3, 2015 - June 5, 2015

Highland Community College, Highland, Kansas

Break-Out Session 3

Thursday, June 4, 3:15 - 4:00 p.m.

"Fatal Error: The Dreaded Pop-Up and How to Deal with It (Sometimes)"
Mallory Howell, Rend Lake College
Room CT-121

A discussion for business offices about how Rend Lake College tackled PowerCampus's billing issues.

"Integration Services: The First Year"
Amy Lackey, Highland Community College
Room CT-117

A conversation about the first year of integration. We will discuss preparing for integration, learning new processes, correcting errors, and looking ahead to next year.

"HCC Online Program Partnership"
Jennifer Logsdon, The Learning House
Denise Peters, Highland Community College
Room MS-1

A presentation about Highland Community College's online education program, Moodle LMS, in cooperation with The Learning House.

"Section Schedule Building Best Practices"
Irene Covert, Highland Community College
Room CT-113

A presentation to discuss best practices when setting up section schedules.

Break-Out Session 4

Friday, June 5, 9:15 - 10:00 a.m.

"e-Walkthrough"
Peggy Forsberg & Sara Smith,
Highland Community College
Room MS-1

A presentation that will address the struggle that many administrators have with observing part-time instructors and giving timely, relevant feedback through a discussion of Highland Community College's "e-Walkthrough" process. Attendees will learn about developing this type of tool and will participate in a demonstration of an e-Walkthrough.

"Online Application"
Jose Castillo, Ellucian
Room CT-117

A discussion of best practices with using the integrated online application.

"Ellucian Portal Demo"
Ellucian WebEx
Room LSU-A

A product demonstration of the new Ellucian portal.

"Your Key to Communication: Scheduled Actions"
Denise Work, Clarkson College
Room CT-121

A discussion of how e-mail and mail can work together to make your communication make sense. Ideas will be shared on how some scheduled actions can be added to meet your needs and your students' needs. Tips for avoiding a scheduled actions disaster will also be covered.
