

Early College ONLINE OPTIONS

(785) 442-6141 | earlycollege@highlandcc.edu

High school students can earn college credits completely online through HCC's online program. These courses are fully online and designed specifically for high school students, transferable, and may be taken for dual credit. Contact your high school counselor for dual credit options available to you.

Students who have completed their freshman year can enroll in HCC courses. Courses are taught by experienced faculty and provide students the opportunity to get a head start on their college degrees or jump-start their careers.

Although these classes will have online instruction, we encourage students enrolling in online courses to have access to a teacher at their school for support and assistance, to ensure student success.

These classes are offered for High School enrollment only. They are taught by an instructor with experience teaching high school students so they understand students' unique needs and schedules. The classes offer the same curriculum as our other online options. Some classes have consumable fees. Seats are limited.

ONLINE COURSES FALL 2024
