

Resource Guide

All HCC students are required to log in to their MyHCC account to view schedules, billing statements, transcripts, class assignments, and a variety of supplementary information. In addition, students are required to log into their Highland student email account to receive official HCC messages and communications. All students can easily access both of these accounts by going to the [Highland website](#) and entering their username and password in the box titled "MyHCC Login." Student usernames will always be lastname.firstname@highlandcc.edu (for example: smith.john@highlandcc.edu). New students who do not have their password will automatically receive this information by means of email correspondence sent from the Highland IT department directly to the student's personal email account given during the application process and/or during enrollment.
