

# FREE TUITION

for Excel in CTE\*\* Online Classes  
For Kansas High School  
Juniors & Seniors

## Why Free?

Excel in CTE (formally Senate Bill 155), allows Highland Community College to offer free tuition in specific courses and programs for **Kansas High School Junior and Senior students.**

## Three Easy Steps to Enroll:

1. Complete the HCC High School Student Application for Admission at <http://www.highlandcc.edu>. Choose Getting Started, Apply Now, Application for Admissions, to access the online form.
2. After your application has been processed, you will receive an email with directions for logging into your MyHCC account. A separate email will have directions for enrolling in courses.
3. Follow the directions in the email to enroll in the course(s) through your MyHCC account.

If you are a current HCC student, you do not need to reapply for admission. You can access your MyHCC account and complete the enrollment steps using the Register tab.

HCC Online classes utilize a book rental program. Once enrolled, you will receive directions for confirming your course materials and arranging textbook shipment. **Excel in CTE students are responsible for the book rental fee for online courses.** (Currently \$17.00 per credit hour.) Some courses require consumable items (workbook, access code, software, etc.). These charges are also the responsibility of the student and applied to the student account when applicable.
