TRAC-7 is a WIA Title I-financially assisted program and is therefore an equal opportunity employer/program which provides auxiliary aids and services upon request to individuals with disabilities by calling 711 or 800-766-3777 Voice/TTY. The TRAC-7 grant project ($19,619,450) is 100% funded through the U.S. Dept. of Labor’s Trade Adjustment Assistance Community College and Career Training Program.
The risk management degree offers students the knowledge, concepts, activities and applications, which reinforce the four primary management functions of planning, organizing, controlling and leading. Emphasis is on identifying and assessing a risk and determining ways of controlling, minimizing, reducing, and/or avoiding the risk. Regardless of the industry, companies have to be prepared to deal with risk factors at all times. Students will be able to complete the HCC Associate in Applied Science (AAS) in Risk Management in two years (four semesters) with coursework available online.
