Notes:

Online technical course costs (tuition & instructional fees) do not include course material costs. Qualified Excel in CTE students (high school) do not pay technical course material fees.

The textbook rental fee is calculated at \$15.00 per credit hour for the 22-23 academic year.

If a general education course only uses a consumable item, the rental fee + consumable item fee combined = total item cost

If a general education course uses a rental book and consumable items, the rental fee charges are applied to the use of the course textbook and the consumable charges are only for the consumable item

Only new, unused consumable items or access codes can be returned. Dropped courses may result in non-refundable book rental and/or consumable charges for these courses.
