

FREE TUITION

**Excel in CTE Online Classes
For Kansas High School Juniors & Seniors

Why Free?

Excel in CTE (*formally Senate Bill 155*), allows Highland Community College to offer free tuition in specific courses and programs for Kansas High School Junior and Senior students.

Three Easy Steps to ENROLL:

- Complete the HCC High School Application for Admission at highlandcc.edu. Choose Getting Started, Apply to access the online application.
- After your application has been processed, you will receive an email from HCC with directions for logging into your MyHCC account. A separate email will have directions for enrolling.
- Follow the directions in the email to enroll in the course(s) through your MyHCC account. That's it! You're enrolled in a tuition-free online course! As a HCC student, it is important that you check your HCC email regularly. HCC Online classes utilize a book rental program. Once enrolled, you will receive directions for confirming your course materials and textbook shipment. Excel in CTE students are responsible for the book rental fee of \$15 per credit hour. Some courses require consumable items (workbook, access code, software, etc.). These charges are also the responsibility of the student and applied to the student account when applicable.
