

**Department:**

Agriculture

**Program Description:**

Agronomy is a transfer program for students interested in a career working with field crops. This curriculum is suggested for those intending to complete an associate in arts degree at HCC and then transfer to another institution for a bachelor's degree. Agronomists strive to improve the quality and yield of crops by developing new growth methods or controlling diseases, pests, and weeds. They also may specialize in a crop or crop problem and will often present lectures, do technical writing, and conduct informational meetings.

**Suggested Courses:**

**Basic Skills (15 credits)**

ENG 101      College English I  
ENG 102      College English II  
SP 106        Public Speaking  
MAT 104      College Algebra  
AB 227        Ag Microcomputer  
AB 114        Ag Orientation  
Physical Education Elective\*

**Humanities and Fine Arts (9 credits)**

Electives\*

**Social and Behavioral Sciences (9 credits)**

BUS 203      Macroeconomics  
PSY 101      General Psychology  
SOC 101      General Sociology

**Natural and Physical Sciences (9 credits)**

BS 101        College Biology  
PS 111        College Chemistry I

**Program Courses (21 credits)**

AB 202        Agriculture Economics  
AB 203        Soil Science  
AB 210        Crop Science  
Agriculture Electives
