Early College Counselor Handbook

Welcome to Highland Community College!

Dear Early College Adjunct Instructor:

It is our pleasure to welcome you as a partner of Highland Community College as one of our Concurrent Adjunct Instructors. We look forward to working with you in the exciting semester ahead.

This handbook has been prepared to be used as a supplement to the adopted HCC Board of Trustees Policy Handbook. This handbook is intended to provide basic information regarding the college and its many areas of operations and policies. These policies have been established through time and do reflect changes continually taking place at the college. The Board of Trustees, administration, faculty, and staff have been involved in the establishment of these policies and operating procedures. This handbook and all updates to it are posted on the HCC website, www.highlandcc.edu.

A good instructor is always seeking ways and means to do a better job by careful planning in the classroom and by implementing varied teaching techniques. Our hope is that all HCC employees will find this handbook to be a useful resource for a satisfactory and rewarding experience.

Welcome aboard and good luck!

Sincerely,

Sara M. Smith
Assistant Dean of Instruction,
Early College
Highland Community College

Early College Enrollment Requirements

Dual Credit Enrollment of High School Students in Eligible Public Postsecondary Institutions through Cooperative Agreements Entered Pursuant to the Kansas Challenge to Secondary School Students Act

The Kansas Challenge to Secondary School Students Act, K.S.A. 72-3220 through 72-3224, (Challenge Act) provides a means for school districts, in cooperation with eligible postsecondary institutions, to challenge high school students by procuring early college opportunities. The Kansas Board of Regents encourages all system postsecondary institutions to collaborate with local school districts and provide dual credit opportunities to high school students through cooperative agreements entered pursuant to the Challenge Act. The Challenge Act does not mandate system postsecondary institutions to offer dual credit enrollment to students in local school districts. However, if an eligible system postsecondary institution chooses not to offer dual credit enrollment with local districts pursuant to the Challenge Act, in accordance with Board policy for Off-Campus Delivery of Academic Courses and Programs, the home institution shall allow eligible system postsecondary institutions outside the institution's service area to provide the Challenge Act opportunities with those school districts. The Challenge Act requires dual credit to be offered only through a cooperative agreement.

a. Purposes of Dual Credit Cooperative Agreements

Systemwide purposes of Dual Credit Cooperative Agreements are:

i. To Reduce Time-to Degree and Lower Costs

Dual Credit Cooperative Agreements enable students to get an early start on their college education, thus potentially reducing the time required to complete a degree.

ii. To Challenge High School Students and Promote College-Level Success

Dual Credit Cooperative Agreements are aimed at providing a college-level learning experience for qualified students by enhancing the amount, level and diversity of learning in high school beyond the traditional secondary curriculum. Systemwide Transfer courses are especially encouraged.

iii. To Foster Improved Relationships Between Kansas Public Postsecondary Education Institutions and Kansas Secondary Schools

Dual Credit Cooperative Agreements are intended to foster improved relationships among stakeholders by clarifying expectations, roles, and responsibilities.

b. Procedures and Standards for Implementing Dual Credit Cooperative Agreements

i. Requirements of Dual Credit Cooperative Agreements Entered into Pursuant to the Kansas Challenge to Secondary School Students Act For purposes of this policy:

Each eligible postsecondary educational institution that accepts high school students for dual credit enrollment pursuant to the Kansas Challenge to Secondary School Students Act must have a cooperative agreement with the respective school district. The cooperative agreement shall include, but need not be limited to, the following:

- (1) The academic credit to be granted for course work successfully completed by the student at the institution, which credit shall qualify as both high school and college credit;
- (2) The requirement that such course work qualify as credit applicable toward the award of a degree or certificate at the institution;
- (3) Except as otherwise provided in subsection b.ii below, the requirement that the student shall pay the negotiated amount of tuition and related costs charged by the institution for the student's enrollment; and
- (4) The requirement that the eligible postsecondary educational institution shall notify the student or the student's parent or guardian if the course the student enrolled in is not a systemwide transfer course approved by the Board of Regents and, as a result, the student may not receive credit for such course if the student transfers to or attends another state postsecondary educational institution.

ii. Payment for Dual Credit Courses

- (1) The board of education of a school district, in its discretion, may pay all or a portion of the negotiated amount of tuition and related costs, including fees, books, materials and equipment, charged by an eligible postsecondary educational institution for a student's dual credit enrollment at such institution. As part of any agreement entered into pursuant to this section, the board of education of a school district shall not be required to pay any amount of tuition and required fees that are waived for an eligible foster child pursuant to the foster child educational assistance act, K.S.A 75-53,111 et seq., and amendments thereto, except that the board, in its discretion, may pay any related costs that are not waived pursuant to that act. Any such payment shall be paid directly to the eligible postsecondary educational institution and shall be credited to the student's account.
- (2) Except as otherwise provided in K.S.A. 72-3223(b), and amendments thereto, each student enrolled in dual credit enrollment courses at an eligible postsecondary educational institution pursuant to K.S.A. 72-3220 et seq., and

amendments thereto, shall be responsible for the payment of the negotiated tuition and related costs, including fees, books, materials and equipment, charged by such institution for the student's enrollment.

- (3) The board of education of a school district, in its discretion, may provide for the transportation of a student to or from any eligible postsecondary educational institution.
- (4) School districts are precluded from paying tuition for any technical education courses that are funded as part of the Excel in Career Technical Education program, but in its discretion a school district may pay all or a portion of the negotiated amount of related costs, including fees, books, materials and equipment, charged by an eligible postsecondary educational institution for a student's dual credit enrollment at such institution.

c. Definitions

For purposes of this policy and the Kansas Challenge to Secondary School Students Act:

i. "Student" means a person who:

- (1) is enrolled in grades 10, 11, or 12 maintained by a school district, or a gifted child who is enrolled in any of the grades 9 through 12 maintained by a school district;
- (2) has an individualized plan of study or an individualized education program;
- (3) has demonstrated the ability to benefit from participation in the regular curricula of eligible postsecondary institutions;
- (4) has been authorized by the principal of the school attended to apply for enrollment at an eligible postsecondary educational institution; and
- (5) is acceptable or has been accepted for enrollment at an eligible postsecondary educational institution as a degree-seeking or non-degree seeking student.

ii. "Dual Credit Courses" as defined by the Higher Learning Commission are courses taught to high school students for which the students receive both high school and college credit and involve the accredited institution's responsibility for the quality of its offerings.

iii. "Dual Credit Cooperative Agreement" means a written memorandum of understanding between an eligible postsecondary institution and a school district entered pursuant to the Kansas Challenge to Secondary School Students Act for the purpose of offering dual credit courses to eligible students who receive both high school credit and college credit.

iv. "Eligible postsecondary educational institution" means any state university, community college, technical college, municipal university, affiliated institute of technology, or accredited independent institution.

v. "Dual credit enrollment" is a subset of dual credit and means enrollment of high school students in dual credit courses, pursuant to a dual credit cooperative agreement. Courses are taught by a postsecondary educational institution faculty member in which students receive both high school credit and college credit for completing the course.

vi. "Concurrent enrollment" is a subset of dual credit and means enrollment of high school students in dual credit courses, pursuant to a dual credit cooperative agreement. Courses are taught by high school teachers during the regular high school day in which students receive both high school credit and college credit for completing the course.

iv. "Dual enrollment" means enrollment of high school students in college courses outside a cooperative agreement between the district and postsecondary institution entered pursuant to the Kansas Challenge to Secondary School Students Act, in which a transcript is issued for credit from the institution without regard to high school credit. All modes of delivery of academic offerings and all campus locations are appropriate for dual enrollment courses including main campus, additional locations, and distance delivery.

e. Curriculum Standards, Course Content/Materials, and Assessment of Students Applicable to Public Eligible Postsecondary Educational Institutions

i. Courses administered through a dual credit cooperative agreement shall be university/college catalogued courses with the same departmental id, course descriptions, numbers, titles and credits. Courses must have been approved through the curriculum approval process of the postsecondary partner institution.

ii. The high school and college-level prerequisites, the content of courses, course goals and objectives, must be the same as those for the same courses offered to students at any location or by any delivery method.

iii. Materials such as textbooks must be comparable to those used in the same course throughout the postsecondary partner institution. Procedures for selection of textbooks and related material by high school faculty who teach concurrently enrolled students must follow the postsecondary partner's institutional policies.

iv. College faculty at the postsecondary partner institution shall annually, or as necessary, review concurrent enrollment courses in their discipline to ensure that:

- (1) Concurrent enrollment students are held to equivalent grading standards and standards of achievement as those expected of students in on-campus sections;
- (2) concurrent enrollment students are being assessed using equivalent methods (i.e., papers, portfolios, quizzes, labs) as students in on-campus sections;

- (3) high school faculty are utilizing an equivalent final examination for each concurrent enrollment course as is given in a representative section of the same course taught at the public postsecondary institution awarding the course credit; and
 - (4) high school faculty are applying equivalent scoring rubric for the assigned course as is used in the on-campus course; and that course management, instructional delivery, and content meet or exceed those in regular on-campus sections.
 - (5) Remedial/developmental course work shall not be offered as a concurrent enrollment course.
- f. High School Faculty Teaching Concurrent Enrollment Courses Pursuant to a Cooperative Agreement with a Public Eligible Postsecondary Educational Institution**
- i. Qualifications**
 - (1) High school faculty teaching college-level, non-tiered concurrent enrollment courses through a dual credit cooperative agreement shall meet the faculty qualifications and standards established by the nationally recognized agency that accredits the sponsoring higher education institution.
 - (2) Faculty teaching college-level tiered technical courses through a dual credit cooperative agreement shall attain instructional eligibility by meeting the academic standards established by the nationally recognized agency that accredits the sponsoring higher education institution.
 - (3) Postsecondary partner institutions may set higher standards and are responsible for meeting the accreditation requirements for all course offerings.
 - ii. Orientation, Professional Development and Evaluation**
 - (1) The postsecondary partner institution shall provide the high school faculty with orientation and training in course curriculum, assessment criteria, course philosophy, and administrative requirements.
 - (2) The postsecondary partner institution shall provide the high school faculty with ongoing professional development opportunities.
 - (3) Orientation and/or professional development activities shall include collaborative faculty development such as pedagogy, instructional design, course management, instructional delivery curricular reform initiatives, and student assessment strategies.
 - (4) The postsecondary partner institution shall conduct evaluations of high school faculty teaching concurrent enrollment courses within campus faculty evaluation schedules.
- g. Student Eligibility for Enrollment, Advising and Student Guides Applicable to Dual Credit Cooperative Agreements with Public Eligible Postsecondary Educational Institutions**
- i.** High school students enrolled dual credit in courses administered through a cooperative agreement shall be enrolled as degree or non-degree/non-matriculated students at the postsecondary partner institution. Each dual credit enrolled student must meet the postsecondary partner institution's requirements for admission as a degree-seeking or non-degree/non-matriculated student. Dual credit enrolled students shall have met institutional enrollment requirements; satisfied course prerequisites; and followed institutional procedures regarding assessment/placement. In order to enroll in a dual credit course, students shall achieve the same score or subscore on a standardized placement test as is required for students enrolled in the same on-campus course. Postsecondary partner institutions may establish higher standards and are responsible for meeting the accreditation requirements for all course offerings.
 - ii.** Only students meeting the above requirements and authorized by the high school principal or designee, as having an individualized plan of study or individualized education program may apply for dual credit enrollment at an eligible postsecondary educational institution pursuant to the Kansas Challenge to Secondary School Students Act.
 - iii.** Advising of students who desire to enroll in dual credit courses must be carried out by both the high school and postsecondary institution.
 - iv.** Students shall be provided with a student guide created as part of the cooperative agreement that outlines their rights and responsibilities as university/college students. The student guide shall also provide a description of how courses may be transferred in the Kansas public postsecondary education system. Student guides shall include a link to the Kansas Board of Regents Transfer Kansas website and/or a link to the institution's course catalog if Systemwide Transfer (SWT) courses are clearly indicated to provide notification to students of courses approved for SWT. Student guides will include implications of student enrollment in courses not approved for SWT.
 - v.** In order to remain eligible for participation in dual credit enrollment, a student shall remain in good standing at the eligible postsecondary educational institution.
- h. Reporting of Dual Credit Enrollment Entered Pursuant to the Kansas Challenge to Secondary School Students Act**
- i.** Each eligible postsecondary educational institution that accepts students for enrollment pursuant to the Kansas Challenge to Secondary School Students Act shall submit a report annually to the state board of regents. Such report shall include, but not be limited to, the following:
 - (1) The number of students from each school district enrolled at the eligible postsecondary educational institution, including the number of students in the custody of the secretary for children and families;
 - (2) the number of students who successfully complete the courses in which such students are enrolled at the eligible postsecondary educational institution;

- (3) the tuition rate charged for students compared to the tuition rate charged to individuals who are regularly enrolled and attending the eligible postsecondary educational institution; and
 - (4) the amount and percentage of tuition each school district is paying pursuant to K.S.A. 72-3223, and amendments thereto.
- ii. The state board of regents shall compile and prepare a summary report of the submitted reports pursuant to subsection g.i. above, and shall submit such report to the house standing committee on education and the senate standing committee on education on or before February 1 of each year.
 - iii. Institutions will report the following as a part of the regular Kansas Postsecondary Database collection:
 - (1) Demographic information for each high school student enrolled;
 - (2) Credentials of high school faculty teaching concurrent enrollment courses; and
 - (3) College credit hours generated by each high school student regardless of enrollment type.
 - iv. By January 31 of each year, each public postsecondary institution shall provide to Board staff a list of high schools with which it has dual credit cooperative agreements. All institution will also submit the following to the Board office:
 - (1) A sample copy of the dual credit enrollment cooperative agreements used with local school districts; and
 - (2) A sample copy of the student guides for dual credit enrollment students.
 - v. All reports and information shall be reviewed for compliance and the results will be provided to the Board President and Chief Executive Officer.

¹ These definitions apply for purposes of this policy and the Kansas Challenge to Secondary School Students Act. Different definitions may apply for other purposes, such as data collections requiring IPEDS terminology and definitions.

Building Representative Job Description

1. Serve as the point of contact for their secondary school site and be the official person at the secondary school site to answer questions that students and parents may have about the program. Notify HCC of any problems or concerns.
2. Compile fall, spring, and “year-long” course schedules.
3. Assist with the online enrollment process. The first semester of online enrollment, HCC will schedule an appointment to assist with enrollment and training, if you deem necessary.
4. Assist with the management, collection, and submission of placement test scores. Responsible for keeping a record of all placement scores on all concurrent students. HCC will continue to administer the Asset Test.
5. Assist with textbook inventory. Responsible for keeping an inventory of all HCC textbooks within the building. Notify HCC when textbooks are needed, extras are available, and when not returned by student. Receive textbooks from HCC and distribute to appropriate classes. Most of this is done at the instructor level but I assistance is needed from time to time.
6. Assist with Attendance Verification and final grade rosters. This is also often completed at the instructor level.
7. Attendance required at in-services as requested. Attend meetings, as needed, to discuss issues, ideas, and suggestions. These are rare, most of the training and in-service is done on a one-on-one basis with the Early College department.
8. Facilitate instructor paperwork (MOU, payroll, etc.).
9. Distribute various mailings (instructor letters, HCC publications).

Building Representative Stipend Scale (non-duplicated headcount) is \$10 per student enrolled concurrently with a maximum payment of \$500.

High School Counselor/Building Representative Duties

Under direction and supervision of the Early College office, the high school counselor/building representative responsibilities include:

1. Assist high school students in completing the “high school application for admission” and self-

enrollment process through their MyHCC account OR paper enrollment form by the concurrent deadline set for that current semester.

2. Ensure that instructors submit Attendance Verification correctly and timely.
3. Ensure that instructors track grades and submit them online by the concurrent schedule deadline for that semester.
4. Participate in email conversation with the Early College office on problems that may arise, or materials needed for the student to be enrolled in the requested classes.
5. Ensure that students enrolling for classes have the prerequisite required for that course before enrolling or requesting to enroll in the course and provide a copy of verification through either ACT score or high school transcript.
6. Counsel student on whether or not that student's academic records and integrity indicate that that they would be successful in upper-level education course work.
7. With the principal, authorize that enrollment and course selection is suitable for the high school student.
8. Work closely with HCC staff to schedule placement testing on site and at testing centers in order for students to obtain prerequisites necessary to take college courses.
9. Participate jointly with HCC Early College office in the planning and implementing of any informational meetings for parents and students interested in classes through HCC.
10. Be responsible for helping bridge communication between HCC staff and the students, parents, and faculty of your school.
11. Communicate any accommodations a student requires and help arrange those accommodations.
12. Encourage instructors to participate in professional development opportunities as outlined in the KBOR Policy.
13. Participate with HCC Early College office in periodic meetings to discuss the partnership.
14. Ensure that textbooks rented out from HCC are handled properly by students and instructors while also helping HCC staff keep an inventory of books in your schools' possession.
15. Ensure that, within reason, course materials and tools are available to instructors.
16. Be on site for students to utilize for problems they may face while taking their classes.
17. Encourage students to be independent, responsible, and timely as they partake in courses that will help advance them in their futures.
18. Promote HCC in a positive manner while encouraging students to take advantage of the opportunity both your school and HCC are providing for them.

HCC Website, MyHCC & Email Account

The college website is www.highlandcc.edu. In addition to general information about the college, nearly every document in this packet is available on the website.

For more information on Early College for High School Students please visit: [HCC Early College](#). There you will find an overview of our Early College program, how to get started as a student, information on eligibility and prerequisites, tuition and payments, important dates for the semester, the student handbook, and much more. This website will be a helpful resource to the school counselor, building representative, students, and parents. We encourage that persons participating in Early College visit this site as it was created as a resource for those needing questions answered about this program.

HCC utilizes an online interface for both students and instructors to view course information. The online system is called MyHCC. Students may use MyHCC to enroll, drop, and add concurrent (if instructed to do so), online, regional and on-campus classes, check grades, and pay tuition and fees.

Instructors use MyHCC to check class rosters, record grades, post final grades, etc. If an instructor

needs assistance setting up a MyHCC online account, please contact the Early College office.

Students will log in to the homepage and enter the user name and temporary password in the HCC Login Box. The first-time user will be required to verify identity with the HCC User ID number and birthdate before accessing their MyHCC account. Upon successful verification, a “Congratulations” screen opens, and the account is ready for access.

Upon accessing the account for the first time, students should change the temporary password to a personal password that they will remember. To change your password, click on the “My Profile” in the HCC myLogin page. Please be sure to read and follow the password guidelines listed and enter your old and new passwords, and then click on save. For assistance, contact the Early College office or the college IT Help Desk at 785-442-6060.

Every student and instructor are issued an e-mail account through HCC. For instructors, the website is <http://www.highlandcc.edu>. After successfully logging into your HCC account, choose the e-mail application from the option screen.

Student and adjunct instructor e-mail addresses are lastname.firstname@highlandcc.edu. It is a good idea students check this account periodically as it is the college issued email account. All college information will be sent to this address.

Textbooks

The book rental program is a service provided by HCC for a nominal fee (Doniphan County students do not pay textbook rental). This does not include consumable books such as workbooks. Books are distributed by the Early College office and must be returned at the end of the semester. Some classes will utilize eBooks built into the Canvas classroom.

Any student who fails to return books in accordance with this policy will be assessed the current replacement cost of the book(s). All academic transcripts will be held until payment is received.

Student Placement Testing

Placement testing may be required for math and English classes. Proper placement ensures that students have the best chance of successfully completing the course work. HCC encourages all prospective Early College students to complete the ACT test during the spring semester of their sophomore or junior year and have the results sent to HCC. This helps to ensure accurate reporting and provides the necessary placement data for the courses.

The ASSET test is a pen and paper placement test created by the ACT Corporation and used by HCC Early College for placement testing of students who have not completed an ACT test or who need to test for a higher score equivalent. The Early College office conducts these tests by appointment and schedules testing at their respective high schools at least once a year for those needing to be tested to meet placement score requirements. Students are allowed to test twice prior to the semester enrollment to qualify for placement. There is no fee for these two test sessions; additional testing sessions may require a \$25 testing fee. There is a minimum two-week wait between tests. The Early College office may test for other institutions; however, there will be a \$25 per test charge for that service.

Students may also schedule an Accuplacer placement test at our main campus or regional centers.

Reference Placement Score Chart in Appendix.

Placement Testing for Students Requesting Accommodations

Both the Americans with Disabilities Act and Section 504 of the Rehabilitation Act require that tests be administered in a manner that does not unlawfully discriminate against individuals based on disability. Under the ADA and Section 504, accommodations are designed to neutralize the effects of the individual's disability.

Common accommodations for students during placement testing are extended time for testing, not to exceed time and one-half, or distraction-free testing. Appropriate testing accommodations are determined based on a student's disability and individual needs. However, an institution is not required to provide any academic adjustments that would lower standards, fundamentally alter the nature of the program, or impose an undue burden on the college. Students requesting accommodation during placement testing must request such accommodation by completing the HCC online form and provide appropriate documentation from the student's Individual Education Plan (IEP). The form and documentation must be submitted to HCC one week prior to testing. The Early College office will then work with the school to schedule appropriate testing conditions for the student.

If a student does not notify HCC that accommodations are needed or the accommodations have not been verified, the student may need to schedule an ASSET testing appointment off site at a time convenient for the student and the Early College office.

HCC is making positive changes to impact student enrollment. To view the full placement score chart, please visit [HCC Placement Score Requirements](#). Virtual placement testing is also available with a \$25 fee. If you need to schedule a virtual Accuplacer test, please visit [Placement Test Scheduling Form](#).

Student Enrollment & Payment Policies

The Early College office or the high school counselor initiates concurrent enrollment in college classes. Each high school has specific procedures, but generally, they will follow the following enrollment process:

1. Student applied for admission at www.highlandcc.edu and selects the High School Application for Admissions.
2. The student will receive a login id and password email from HCC's IT department and an Acceptance email from Early College. Included in the Acceptance email are step-by-step directions on the enrollment process, setting up payment plans, etc.
3. From their HCC account the student will be able to register for classes, view a statement of fees they owe, set up payment plans, and email Early College with questions or concerns.
4. Following enrollment, HCC will confirm student eligibility, placement testing scores, and any prerequisite requirements to complete the enrollment process.

Early College may ask for assistance from the high school counselor/ building representative to obtain ACT scores, transcripts, or set up a testing time for the student to try and obtain the prerequisite. Students with a hold on their account from previous semesters will not have their forms processed until the issue is resolved. Possible holds on the account could be due to missing account information or unpaid tuition and fees.

Enrollment is completed at the beginning of the fall and spring semesters or at the end of the previous semester. Some courses, such as science lab classes, may be taught the entire academic year with tuition and fees collected during the spring semester enrollment. The student must complete enrollment and

submit payment in a timely manner to ensure college credit for the courses.

Payment for concurrent enrollment classes is typically due mid-September for the fall semester, early February for the spring semester or by the payment due date for students enrolling online through their MyHCC account. High school students are not eligible for federal financial aid until they have earned a high school diploma.

Dependents of full-time HCC employees are eligible for a waiver of fees. The employee must complete the Dependent Waiver of Fees form with the President's office each semester to confirm eligibility. The waiver is then forwarded to the Early College office to be attached to the student's completed enrollment form.

Payment plans are another way HCC makes college more affordable. Payment plans are set up to be made in 3-5 payments throughout the current semester. There is a \$25 non-refundable fee plus 10% of the total anticipated balance due immediately to establish a payment plan for all fall and spring semesters. All payments are subject to a 2.85% servicing fee. No charge ACH options are available through your MyHCC account. Please login and choose the Finances tab and then Make a Payment for more details.

Guidelines for Use of Payment Plans

1. Students must be paid in full or signed up for the Payment plan by the posted deadlines.
2. Students may finance 90% of their semester bill and must *pay 10% of their semester bill upon signing up for the payment plan (*for fall and spring semesters only).
3. Students defaulting on payments may not be allowed to access the payment plan for subsequent semesters.
4. There will be no monthly service fee accessed for a payment plan set up to charge via ACH (bank account)
5. There will be a 2.85% service fee for a payment plan set up to charge your Debit or Credit Card
6. A \$30 late fee will be charged for every payment missed.
7. Balances more than 90 days past due may be sent to collections.

If a student is unable to make a payment to their payment plan on time, they should contact HCC Financial Services at (785) 442-6001. Visit [Payment Plans](#) to review payment plan options and directions for establishing a payment plan.

Principal Authorization

Each semester the Early College office will send a Principal Authorization Letter to each high school participating in the concurrent course program through HCC. The letter should include a Principal Authorization Form and a listing of all students at that high school enrolled for concurrent or dual credit. The listing may be included on the Principal Authorization Form to be signed or may be an attached spreadsheet roster of students.

The student listing and request for principal authorization should be done each semester after the Attendance Verification has been completed to confirm the students enrolled. The letter is first sent to the principal for authorization and signature, and then forwarded to the Early College office for filing/documentation.

Concurrent Section Division Policy

If two or more sections of the same course are taught for concurrent credit at a high school, the
Updated August 2024

enrollment is combined into one HCC section. Once enrollment exceeds 25, additional salary will be calculated based upon the prorate salary scale.

Final Grades

All instructors submit their Final Grades online through their MyHCC account. Grades for campus, regional, and online courses must be submitted by noon on the first Monday following finals week. Concurrent class grades are due at the completion of the school semester.

Grade Changes

If you record a student grade incorrectly in MyHCC, you must submit a Change of Grade Form to the Registrar's Office to request the change. Grades cannot be changed online once they are saved in MyHCC. Please see Appendix for form.

Grade Appeals

Students are responsible for meeting the standards for academic performance established for each course in which they are enrolled. The establishment of the criteria for grades and the consistent evaluation of student academic performance are the responsibilities of the instructor.

This grade appeal procedure is available only for the review of allegedly capricious grading, and not for review of the instructor's evaluation of the student's academic performance. Capricious grading, as the term is used here, consists only of any of the following:

1. The assignment of a grade to a particular student on some basis other than documented performance in the course;
2. The assignment of a grade to a particular student by applying more exacting or demanding standards than were applied to other students in the course;
3. The assignment of a grade by a substantial departure from the instructor's previously announced standards.

Step 1: A student who wishes to appeal a course grade must notify the Vice President for Academic Affairs' (VPAA) office within 30 working days of the date on which the grade was posted. The VPAA's office outlines the allowable criteria for appealing a grade (see above) and, if appropriate, provides the student with the grade appeal form and assists in contacting the instructor to begin the process.

Step 2: The student meets with the instructor to review assignment grades, attendance, and any other factors that affected the final grade. The instructor should check all calculations and ensure that any assignments accepted for credit have been posted and included. This meeting must take place within 30 working days of the end of the term for which the grade was posted. The result of the meeting will be to leave the grade as posted or raise the grade. The instructor will notify the VPAA's office of the result of the meeting. If a grade change is necessary, the instructor submits a grade change request to the Registrar with a copy to the VPAA's office. The VPAA's office will notify the student of the decision via email.

Step 3: If the student is unsatisfied with the decision from step 2 and wishes to file a formal grade appeal, the student must notify the Vice President for Academic Affairs within 10 working days of the decision. The student and the instructor will receive an email from the VPAA requesting all documentation pertinent to the grade appeal. This will include copies of assignments, documentation of absences due to college events, tests, and any other material that is relevant. These materials must

be received by the VPAA's office within 10 working days of the date of the request.

Step 4: The VPAA (or designee) reviews all materials from the student and instructor. Within 10 working days, emailed notification is sent to student and instructor of the decision to uphold the grade as posted or change the grade. If a grade change is necessary, the VPAA submits a request to the Registrar.

Step 5: If the student chooses to appeal the Step 4 decision, he or she must notify the VPAA within 10 working days of the notification. A 3-panel review committee, composed of two instructors and an academic advisor/dean/director, is convened to review the appeal. This committee may decide to uphold the grade as posted or raise the grade; the committee must send its decision to the VPAA within 15 working days of being convened. The decision is emailed by the VPAA's office to the student, instructor, and Registrar (if a grade change is required). The decision of the committee is final and may not be appealed.

Academic Advising

Academic advising is available to HCC Early college students in order to make the transition from high school to college. Academic advisors help students explore careers, learn about college majors, and obtain information regarding course prerequisites, graduation requirements, and course load limits. Please contact the Early College office if you need assistance.

Degree Planning & Course Selection

You can find associate degree and General Education Requirements in the Appendix. Degree planning can be difficult so we encourage students, even those in high school, to look at our degree planning sheets so they can choose the classes that best fit their goals for the future. Please visit [Degree Planning & Course Info](#) for more information on course descriptions, syllabi, and a full list of the academic disciplines offered at HCC. With the help of HCC, high school students have the opportunity to complete anywhere from their general education requirements to an associate degree while obtaining their high school diploma.

Transferability of Courses

The Kansas Board of Regents has now approved over 90 courses for guaranteed transfer among all Kansas public postsecondary institutions. A student who completes these courses at any Kansas public community college, technical college, or university can be certain that he or she can transfer that course to any other public institution in Kansas in pursuit of a degree or credential.

[Course Equivalency Guides](#) can be found at the Kansas Board of Regents website.

HCC has developed transfer guides to assist HCC students in making the smoothest possible transition to other institutions of higher learning. In transferring, nothing will substitute for sound planning. Students should consult closely with their advisor and the college they are transferring to ensure they enroll in courses that transfer. More information can be found at [HCC Transfer & Credit for Prior Learning](#).

Tutoring

Student Support Services offer tutoring on campus Sunday through Thursday during the regular college semester. Students who are taking courses on campus are the ones most likely to utilize these services, but students not taking courses on campus are welcome to call Student Support Services for assistance during office hours, 8:00 AM- 5:00 PM, Monday through Friday. Tutoring sessions are

available through Zoom video connections for students not located near the HCC Campus. Students' services can be arranged by appointment by calling (785) 442-6058.

Student Support Services & Reference Guide

An [Early College Student Reference Guide](#) can be found on the [HCC Early College](#) webpage.

Concurrent Instructor Information

Adjunct Approval Process

All adjunct instructors follow the same approval process.

1. Early College adjunct instructors are approved based upon their educational background (minimum of undergraduate degree in discipline) and years of teaching experience.
2. Contact HR Manager at (785) 442-6010 or humanresources@highlandcc.edu to request an application packet.
3. Complete the application packet and submit official transcripts to Highland Community College Human Resources.
4. The Vice President of Academic Affairs will review all transcripts and approve adjunct instructors.
5. If approved, the adjunct instructor is contacted by an HCC Dean or Director for more information and potential course assignments.

Duties

Under direction/supervision of the Early College office, the instructor's responsibilities are:

1. Complete all required paperwork as requested by the Human Resources, Business Office, and Concurrent Instruction Department.
2. Complete a Memorandum of Understanding (MOU) the first semester of employment. The instructor will sign, date, and return the document to the HCC Academic Affairs office for processing.
3. Distribute First Day Handout (FDH) during the initial class meeting. A FDH should include instructor's name, contact information, day/time class meets, key dates to remember, and explanation of exam, homework and grading procedure/policies, list of prerequisites, course competencies, academic dishonesty policy and ADA guidelines. Much of this information can be obtained from the Standard Course Syllabus located on the HCC website.
4. Provide activities to engage the student in the classroom or laboratory for the entire scheduled class time.
5. Confirm that students are properly enrolled, if taking the class for college credit. Refer any non-enrolled students that would like to enroll to their counselor.
6. Remind students that the textbooks are rented from the HCC Bookstore. Students should be respectful of the college's property. The instructor will notify the Early College office of any lost or damaged textbook at the end of the semester/course.
7. An opportunity in class (before, during, or after lecture) for students to ask questions about homework, handouts, and lecture notes. At the very least, questions and answers create dialogue between instructor and student. Learning is not nearly as enjoyable when class becomes a monologue.
8. Complete Attendance Verification reporting according to instructions provided by the Early College office.
9. Schedule a day and time for observations by HCC personnel.
10. Attend all required professional development opportunities as outlined in the KBOR CEP Policy.

11. HCC courses are for college credit. Make sure your class requires college level work. When planning, teaching, and grading throughout the semester, be sure to frequently ask yourself, “Am I challenging my students as much as my college instructors challenged me?”
12. Keep grade records on every student. These records should be available for review on request by students or the College according to the Family Educational Rights and Privacy Act (FERPA). The use of MyHCC Grade book is required for submitting final grades.

Teaching Supplies & Equipment

Each Concurrent site has the required supplies and equipment to teach classes. Some sites have more equipment available than others. Refer to the Early College office to locate supplies, equipment, laboratory media, and instructor-editions of textbooks or any other instructional needs. Concurrent instructors will use equipment supplies at the high school where teaching.

Course Syllabus & First Day Handout

All course syllabi used in Early College have been reviewed and approved by the appropriate campus departments. They are on file at the HCC website www.highlandcc.edu. If you have trouble locating a syllabus, please contact the Early College office.

All academic areas utilize a standardized course syllabus. All instructors will utilize the standardized course syllabus. The course syllabus should be attached or incorporated into your FDH and submitted to the Assistant Dean of Instruction.

All instructors shall create an FDH for each section of each course she/he teaches. Each FDH shall contain the following information and use the template found in the Appendix:

1. Course name, number and section
2. Instructor’s name and contact information
3. Scheduled day and time of class meetings
4. Explanation of exam policies and procedures
5. Explanation of assignment (homework) policies and procedures
6. Explanation of grading and final grade assignment procedures
7. List of prerequisites
8. List of Course Competencies (obtained from Standard Course Syllabus on website)
9. Course Policies in addition to the below policies:
 - a. Use of Artificial Intelligence (AI) Technology
 - b. Classroom Disruptions*
 - c. Academic Integrity*
 - d. Americans with Disabilities Act (ADA)
 - e. A Note on Harassment, Discrimination and Sexual Misconduct*
 - f. Statement on Diversity, Equity and Inclusion*

The following information is highly recommended for the benefit of both the instructor and the students but is not required:

1. Outline of the topics in the order they will be covered in class
2. Dates of exams and/or student presentations during the semester
3. Lists of assigned homework sets
4. Due Dates of assignments and/or major projects
5. Dates of field trips (if any)

*Early College Instructors may state, “**The USD Student Handbook policies and procedures will be followed.**”

Use of Artificial Intelligence (AI) Technology

Any use of generative AI tools (i.e. chatGPT, Orca, etc.) to complete any coursework is prohibited unless explicitly allowed by the instructor for that particular assignment.

Classroom Disruption

No acts of disruption in the classroom will be tolerated at Highland Community College. If students are being disruptive, they are violating the rights of others to an educational atmosphere, interfering with the operations of the College, and/or being insubordinate to College authorities.

Every instructor will:

1. State clearly in the FDH their personal policy about disruptive acts in accordance with their expectations of their students.
2. List examples of disruptive acts and how those acts will be handled (not all acts of disruption can be anticipated, and this list is not all inclusive).
3. Send his/her policy (FDH) to the Vice President for Academic Affairs or appropriate Dean or Director for review and acceptance.

First Offense

For disruptive acts that do not require immediate removal, instructors will warn the student on the first offense to discontinue the offending behavior in all future class sessions. After the instructor has given warning, if the behavior continues, the student may be removed from that class session and directed to the classroom readmission process. The instructor will send a notification of the offense and relevant documentation through the Maxient conduct system.

To be readmitted to class, the student must go to the Office of Academic Affairs. The student will meet with the Vice President for Academic Affairs/designee and complete the Classroom Readmission Form with the VPAA/designee. The student should not be allowed back into the classroom until the instructor has received the Classroom Readmission Form or direct communication from the VPAA, VPSS, or Director of Student Life. The instructor is not obligated to allow the student to make up any work that is missed after removal from a class session and before readmission.

Second Offense

When an instructor observes a second incident of classroom disruption (possible immediate removal from class), the instructor will send a notification of the offense and relevant documentation through the Maxient conduct system and the student will enter the Student Conduct Process. The student will not be allowed to return to class until the Student Conduct Process is completed.

Incidents of classroom disruption recorded in the student conduct system are cumulative; multiple or repeated incidents of classroom disruption will ordinarily result in a medium-level sanction which may include removal from the course and forfeiture of any remaining points. However, repeated or severe violations may result in high-level sanctions, such as a loss of scholarship or expulsion from the College.

Immediate Removal

Situations that demean, embarrass, sexually harass, or threaten the life or physical safety of others will not be tolerated. If this happens in the classroom, the instructor will immediately ask the student to leave the classroom and the instructor will forward an incident form to the Student Conduct

Office for entry into the Student Conduct Process. The student will not be allowed to return to the classroom until the process has been completed. This offense will result in a medium to high consequence which may include removal from the course with an F.

A student may appeal all decisions of classroom disruption through the Student Conduct Process.

Academic Integrity

Highland Community College (HCC) faculty and students have the responsibility to maintain high academic standards. Academic dishonesty by students, including cheating, fabrication, plagiarism, or facilitation of academic work, is reason for disciplinary action. This includes but is not limited to giving, receiving, or using unauthorized help on individual and group academic exercises through any delivery system in any learning environment. This includes impersonating another student, sharing content without authorization, fabricating data, and altering academic documents, including records, with or without the use of personal and College electronic devices.

Examples of plagiarism include but are not limited to: representing or turning in someone else's work without proper citation of the source. This includes unacknowledged paraphrase, quotation, or complete use of someone else's work in any form. Students should submit their own academic work. Faculty should not allow or leave unreported academic dishonesty by the student.

Cheating affects more than just the cheat; it frustrates the honest efforts of other students, degrades the learning environment, and reflects poorly on any institution that tolerates it. At HCC, a record of cheating does not go away at the end of the course or semester. Integrity violations become part of the violator's record. Multiple violations may result in more serious penalties, including possible dismissal from HCC.

Every instructor will:

1. State clearly in the FDH his/her personal policy about academic dishonesty and the consequences for such actions.
2. List examples of academic dishonesty and how those specific acts will be handled (not all acts of academic dishonesty can be anticipated, and this list is not all inclusive).
3. Send his/her policy (FDH) to the Vice President for Academic Affairs or appropriate Dean or Director for review and acceptance.

First violations of academic integrity will generate sanctioning by the classroom instructor and will be entered into the database system for tracking of multiple academic integrity issues.

Subsequent violations will generate an institutional response via the student conduct process. Additionally, a meeting with the instructor is required for first offense academic integrity violations. After more than one academic integrity violation, the student must also meet with the Vice President for Academic Affairs.

Incidents of academic dishonesty recorded in the student conduct system are cumulative; multiple or repeated incidents of academic dishonesty will be turned over to the Conduct Officer and ordinarily result in a medium-level sanction, which may include removal from the course with an F. However, repeated or severe violations may result in high-level sanctions, such as loss of scholarship or expulsion from the College.

A student may appeal decisions of academic dishonesty for the following reasons:

1. There were procedural errors made which significantly impacted the sanction or the findings.
2. The severity of the sanction imposed was not appropriate based on the nature of the violation or the circumstances.
3. New information is discovered that was not available at the time of the investigation that would significantly impact the sanction or the findings.

Academic integrity appeals will go through the Student Conduct Process.

Americans with Disabilities Act

Guidelines for Requesting Accommodations Based on Documented Disability or Medical Condition

It is the intention of Highland Community College to work toward full compliance with the Americans with Disabilities Act, to make instructional programs accessible to all people, and to provide reasonable accommodations according to the law.

Students should understand that it is their responsibility to self-identify their need(s) for accommodation and that they must provide current, comprehensive diagnosis of a specific disability or medical condition from a qualified professional in order to receive services.

Documentation must include specific recommendations for accommodation(s). Documentation should be provided in a timely manner prior to or early in the semester so that the requested accommodation can be considered and, if warranted, arranged.

In order to begin the process all students must complete the “[Disabilities Self-Identification Form](#)” at [Disability Services](#).

This form can also be accessed at the Highland Community College homepage under Students Services/Student Resources/Disability Service or by contacting the Disabilities Coordinator.

A Note on Harassment, Discrimination, Sexual Misconduct

Highland Community College seeks to assure all community members learn and work in a welcoming and inclusive environment. Title VII, Title IX, and College policy prohibit harassment, discrimination and sexual misconduct. Highland Community College encourages anyone experiencing harassment, discrimination or sexual misconduct to talk to report to the Vice President for Student Services, the Human Resources Director or complete an [online report](#) about what happened so that they can get the support they need and Highland Community College can respond appropriately.

There are both confidential and non-confidential resources and reporting options available to you. Highland Community College is legally obligated to respond to reports of sexual misconduct, and therefore we cannot guarantee the confidentiality of a report, unless made to a confidential resource. Responses may vary from support services to formal investigations. As a faculty member, I am required to report incidents of sexual misconduct and thus cannot guarantee confidentiality. I must provide our Title IX coordinator with relevant details such as the names of those involved in the incident. For more information about policies and resources or reporting options, please review our [Equity Grievance Policy](#).

Statement on Diversity, Equity, Inclusion

The values of Highland Community College are deeply rooted in upholding the dignity of our

Updated August 2024

students and employees. Highland Community College supports an inclusive learning environment where diversity and individual differences are understood, respected, appreciated, and recognized as a source of strength. We recognize that learning how to be inclusive and respectful is an ongoing process and requires conscious actions and informed policy making. We expect that students, faculty and staff at Highland Community College will respect differences and demonstrate diligence in understanding how other people's perspectives, behaviors, and worldviews may be different from our own. The College facilitates efforts to sustain and advance an institutional culture that welcomes diversity and promotes equity, supports academic freedom and the free exchange of ideas. We strive to create an inclusive learning and work environment in an atmosphere of respect, dignity, and acceptance.

We take very seriously reports of bias and discrimination affecting any job applicant, employee, or student. If you experience barriers to academic achievement or inclusion within your courses, barriers in accessing services or in employment, contact the HCC Office of Human Resources or the HCC Office of Student Services.

Memorandum of Understanding (MOU)

Your MOU will be distributed by the Academic Affairs office via your HCC issued email. You must complete an MOU your first semester of employment. The MOU determines your payment – to the district, school, or adjunct instructor (Doniphan County instructors do not receive payment). Each course can have different salary amounts, depending on credit hours and number of enrolled students. Return MOU to the HCC Academic Affairs office as directed immediately upon completion.

Observations

HCC will observe all concurrent instructors in the Early College program. The purpose of instructor observation is to improve the quality of instruction at HCC. In keeping with this purpose, the following instructor observation procedures have been established.

Early College adjunct instructors follow the same schedule as full-time faculty. In the first two (2) consecutive years, instructors are observed once (1) a semester. In the third and fourth year, instructors are observed once (1) a year. After the fourth year of teaching, instructors are evaluated once every three (3) years. Should the observation reveal potential problems, the instructor will be informed, along with notification to school personnel. Observations will be scheduled in advance and will last approximately 30 minutes each. The instructor will receive feedback via email. Data reported from observations will guide professional development topics.

Professional Development

Each school year, HCC hosts a professional development in-service for all adjunct instructors. Contact the Early College office about future in-service offerings. The Kansas Board of Regents requires all concurrent instructors to attend at least one HCC in-service per year.

Class Rosters & Attendance Verification

To gain access to your class rosters, before or during the semester, select the tab labeled "Classes" from the secondary menu bar "Course Management". Choose the period and course. From the menu on the left side of the screen select "Class List", you can choose to print, download, or e-mail the students.

The Attendance Verification is reported to the Registrar's Office on or about the 20th day of class. Instructors receive information via email to complete this process. This roster determines the instructor salary. Salaries are dispersed in January and May for district and school paid employees. Adjunct paid

employees receive ½ payments in October and December for fall courses, and March and May for spring courses.

HCC Mission, Vision, History & Equal Opportunity

MISSION STATEMENT

HCC, the first college in Kansas, provides lifelong learning opportunities and contributes to economic development to enhance the quality of life in the communities we serve.

Vision Statement

Highland Community College is recognized as the college of choice in Northeast Kansas.

History

Highland Community College began as Highland University in 1858, making it the first college in Kansas. After eight name changes, the college has now provided higher education opportunities to the people of Northeast Kansas for more than 160 years. The college has traditionally prepared students to continue their studies at baccalaureate institutions. Studies conducted at the Regents universities in Kansas show that students who begin their college careers at HCC and then transfer do as well or better academically as all other students who transfer to those universities and those who start there.

Approximately 4,000 students (1,699 FTE) are enrolled on the main campus (Highland), at regional centers in Atchison, Baileyville, and Wamego, through HCC Online, or concurrently at one of the 30 high schools in HCC's service area. The main campus is located in a small, rural Northeast Kansas community surrounded by agricultural land. The main campus has 22 apartment-style residence halls, thriving athletics programs, and active student life. Across all of its locations, HCC offers 14 different Associate degrees and 16 technical certificates.

The history and mission of the college can best be described as providing opportunities for higher education that citizens in the region would not have had otherwise. Whether as a conduit to a four-year degree, for professional enhancement, or personal development, the college has provided affordable access to higher education in Northeast Kansas.

The college is governed by a six-member Board of Trustees elected from Doniphan County and is coordinated by the Kansas Board of Regents.

Equal Opportunity Statement

Highland Community College is an equal opportunity institution and does not discriminate on the basis of sex, race, color, national origin, disability, age, religion, genetic information, marital status, veteran's status, sexual orientation, or other factors that cannot be lawfully considered in its programs and activities as required by all applicable laws and regulations. Inquiries concerning the College's compliance with its nondiscrimination policies or Title IX may be referred to the Vice President for Student Services or Human Resources Manager at 785-442-6000, 606 West Main, Highland, KS 66035. Inquiries concerning the College's compliance with Section 504 and its policies may be directed to the Vice President for Academic Affairs at 785-442-6000, or 606 West Main, Highland, KS 66035.

Philosophy of the Institution & Accreditation

Highland Community College practices an open-door admissions policy and believes it must provide high quality, comprehensive programs that respond to the needs and desires of many different individuals and groups within the service area. Because we are an open-door institution, we serve a wide variety of students: recent high school graduates, nontraditional students, students completing their

junior or senior year of high school, and other residents of our service area for which we provide educational and cultural opportunities.

Highland Community College is authorized to operate by the Kansas Board of Regents and is regionally accredited by the Higher Learning Commission (HLC). HLC offices are located at 230 South LaSalle Street, Suite 7-500, Chicago, IL 60604, hlcommission.org, (800) 621-7440/(312) 263- 0456. We are authorized by the U.S. Department of Education to participate in the Title IV, HEA programs listed in our Program Participation Agreement available on file in the Financial Aid Office at Highland Community College, 606 W Main, Highland, KS 66035. Program specific accreditations are available on file at Highland Community College Technical Center, Atchison, KS. HCC's Auto Technology Program is ASE Education Foundation (formerly NATEF - National Automotive Technician Education Foundation) certified. HCC Nursing Programs are approved by the Kansas State Board of Nursing (KSBN). The curriculum for both the LPN - RN Program and the PN Program support the statewide alignment as outlined by the Kansas Post-Secondary Technical Education Authority (TEA) under the auspices of KBOR as approved by KSBN. The associate degree nursing program at Highland Community College at the Highland Community College Technical Center located in Atchison, KS is accredited by the:

Accreditation Commission for Education in Nursing (ACEN) 3390
Peachtree Road NE, Suite 1400 Atlanta, GA 30326
(404) 975-5000

The most recent accreditation decision made by the ACEN Board of Commissioners for the associate degree nursing program is Initial Accreditation.

View the public information disclosed by the ACEN regarding this program at <http://www.acenursing.com/accreditedprograms/programsearch.htm>

The college is approved by the Veterans Administration for the training of veterans and veterans' children.

Highland Community College is listed in the United States Office of Education Directory Part 3: Higher Education. The College is also authorized by the Immigration and Naturalization Service to admit non-immigrant students.

Location & Delivery Methods

Highland Campus

Highland, Kansas, is a rural Northeast Kansas community surrounded by agricultural land and is an easy drive to several large metro areas including St. Joseph, Missouri, Kansas City, and Topeka. The Highland campus is home to over 500 students with 22 apartment-style residence halls, 14 competitive athletic programs, and an active student life including numerous student clubs, music and theatre performances, intramurals, and cam-pus events. The majority of classes are taught by full-time faculty members in a face-to-face setting with a 17:1 student to teacher ratio.

Regional Centers

The College serves nine counties in Northeast Kansas. HCC operates Regional Centers in Atchison, Wamego, and the Western Center is in Baileyville, Kansas. All administrative services for students — advising, placement testing, and enrollment are available at each regional center and online. Regional Centers offer day, evening, and weekend class options to meet our students' schedules.

Updated August 2024

Interactive Distance Learning (IDL)

The IDL system allows students to complete courses being taught at other HCC sites without having to travel to that location. Through a TV, camera setup, and microphone, students are able to physically attend class at one location and fully participate and interact with the instructor and classmates located at other sites. Instructors utilize lecture, board work, videos, and computer sharing to provide a high-quality learning environment.

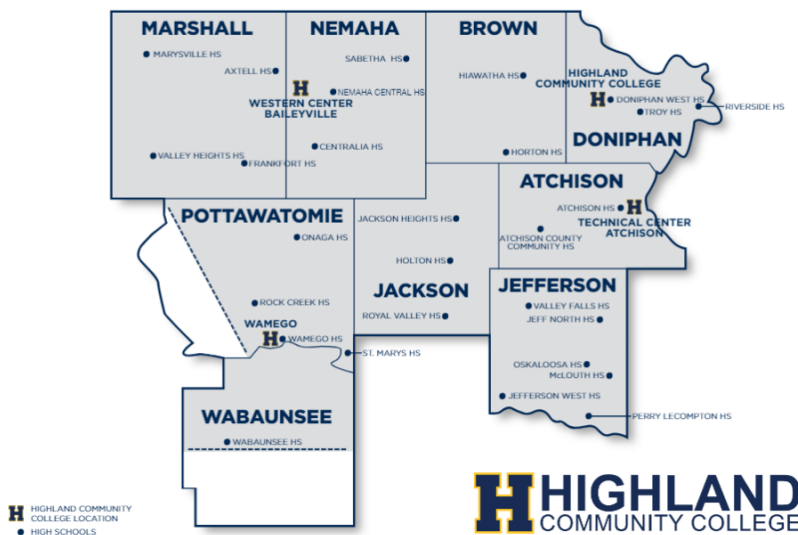

Hybrid

Hybrid classes combine face-to-face classroom learning with computer-assisted online learning. Time in a hybrid course is divided between classroom learning activities and online classroom participation in the HCC Online platform. Students benefit from the quality instruction delivered through different modes and the flexibility of both the online and classroom learning environments through independent and collaborative work.

Online

The College has an active online program which offers courses in 8-week and 16-week sessions. Several degree programs are available entirely online, offering students the opportunity to pursue their educational goals, such as earning transfer credit or achieving personal and career growth. Online courses are an excellent option when attending college in a traditional classroom is not convenient. Courses taught in the online format meet the same competencies as those in a classroom yet fit the student's schedule.

High School Class Suggestions

HIGH SCHOOL STUDENTS HIGH SCHOOL STUDENTS HIGH SCHOOL STUDENTS

HIGHLAND IS YOUR POST-SECONDARY EDUCATION PARTNER!

Taking college classes while still working towards earning a high school diploma is a great opportunity for students to get a head start on their college experience. Highland Community College enables dual enrollment students to explore courses that may not generally be offered through their high school curriculum. Whether working towards an HCC degree or certificate, preparing to transfer to another college upon completion of high school, or simply getting insight into the college experience, dual enrollment exposes students and their families to valuable lessons that will support their remaining college career. Students can begin taking college courses after completing their freshman year of high school. Check out these course suggestions by career area or give us a call to discuss the best path that fits your needs!

[^]Excel in CTE courses. Tuition and Fees are waived. Students are responsible for textbook rental fee and any consumable items.

^{*}The Kansas Board of Regents has approved over 100 courses for guaranteed transfer among all Kansas public post-secondary institutions. Additional courses may also be eligible for transfer. System Wide Transfer courses transfer to any Kansas public institution offering an equivalent course. The decision of lower division courses to count toward upper division credit hours is at the discretion of the receiving institution. Visit http://kansasregents.org/transfer_articulation for complete details.
