

Happy Fall to Everyone!

I can't believe how fast this semester is going. As we approach the half-way point in the semester, I encourage you to use the resources available to you as an SSS participant. We have a variety of resources available, so don't hesitate to stop by Irvin Hall (2nd floor) and take advantage of them. You will find peer tutors, our Math & English Specialists, computers, and class notes to review. All of these resources can help you with your classes.

We have several students that have made coming to Irvin Hall a part of their daily routine. We'd love it if *all* participants developed that habit. Instead of going back to your room between your classes, come get help with homework, re-write your notes, or use the space as a quiet study area. It might be the difference between being successful or not. It's not too late to get started!

In closing, if you are feeling overwhelmed, have questions, or need support, please seek us out. We are here to help you succeed and reach your goals.

Have a great second half of the semester!

Lisa

Scholarship Tips

Some of you are just beginning your college careers and some will be transferring soon. Regardless of where you are in your journey, it is never too early to learn more about the transfer process and to learn about available outside scholarships. **Most important tip- apply for scholarships early and often!!**

Feel free to email me at kbechtold@highlandcc.edu if you'd like to set up an appointment to discuss scholarships or transferring further.
