

Highland Community College is back in session and gearing up for a great fall 2020 with over 500 students enrolled at the main campus. As we celebrate our students return, we also look forward to the completion of phase two of the Athletic Complex Initiative, a new track.

Beginning in 2016, HCC embarked on the Initiative, a transformational project which included the renovation of Porter Family Stadium and the addition of a new track and field complex. The first phase, the Porter Family Stadium, included a jumbotron scoreboard and turf field. The Scottie football team began using this field in August 2018. Phase two is now underway as Scottie Nation looks forward to hosting meets alongside the local school district, Doniphan West, for the spring 2021 track season.

Please take a moment and visit this [link](#) to take a virtual tour of campus including the Athletic Complex. While you are online, [reconnect](#) with HCC by contacting Kelly Twombly, Director of Alumni Relations, with your updated address, phone number and email to get the latest news about your Highland Scotties.

You are a valued member of our Scottie Family and we look forward to hearing from you!
